

Medieval World

A large labyrinth graces the party, forcing them to go through a maze that has various items and effects waiting for them. I dunno what the plan is for the items and such, so we can figure that out in a bit

Cyberpunk World

Throughout the area, the group are able to obtain treasures for a “reasonable” price that could prove useful, as they are meant to assist in weakening the boss at the end of this trial, for greed is a sin all must overcome at some point. No matter if you are a mere mortal or a omnipotent god
